EXPERIENCE

LearnFromHome2.0 - Web development

Learned the basics of Html CSS javascript and made a simple portfolio website which was the project as a part of this program.

UI UX Bootcamps using Figma organised by tinkerrhub campus communities

tLearned basics of wireframing, prototyping, user interface, and user experience. Designed a shopping app as a part of these programs

Designed WIT Tinkerrhub CUCEK website

Being a part of WIT CUCEK made me work with the core team members and we made the design of the official website of WIT CUCEK using Figma.

Designed SEDS CUSAT Instagram stories

As an outreach team member of SEDS CUSAT, got the opportunity to design the Instagram stories (mainly polls and MCQs) using canva which improved my creativity a lot.
